

RETRACTABLE PATIO AWNINGS

PRO SERIES
SEMI-CASSETTED & CASSETTED

SUMMERSPACE®

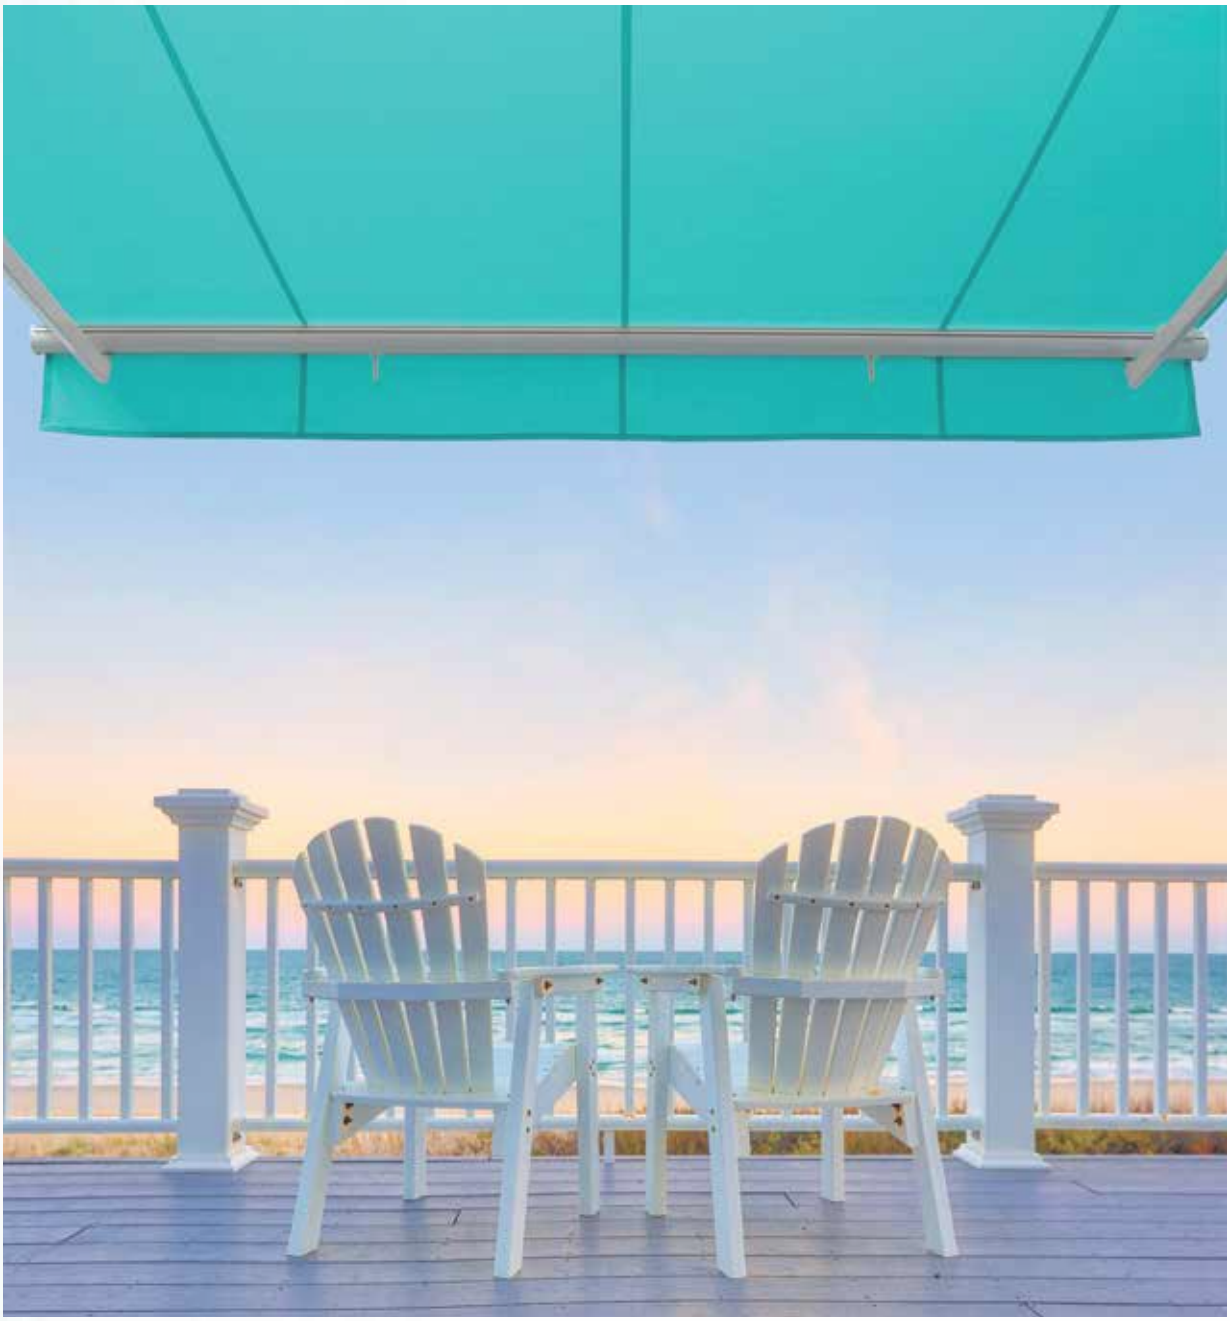

OUTDOOR LIVING REDEFINED

We all love beautiful sunny days. A time to be home enjoying family and friends. As we venture out onto our decks and patios, we realize the hot sun and UV rays can make our outdoor spaces uncomfortable.

SIMPLE • RELIABLE • AFFORDABLE

SummerSpace® Awnings will transform your sunny space into a relaxing shaded oasis. Join the thousands of families who have taken this journey with us. Over the next few pages, you can explore all the possibilities in outdoor comfort! You work hard, and you deserve the home of your dreams. Let us make your dreams a reality.

enjoy the view

SUMMERSPACE®
OUTDOOR LIVING REDEFINED

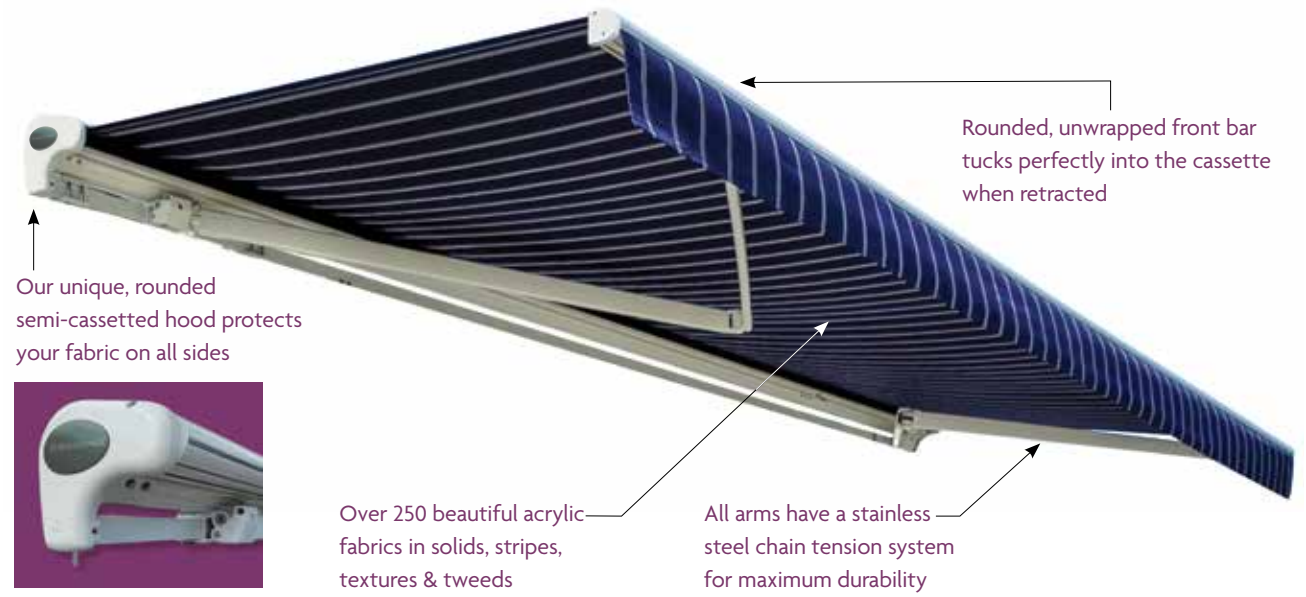

EXPERIENCE MORE

We are proud to introduce our PRO SERIES SEMI-CASSETTED & CASSETTED RETRACTABLE AWNINGS for those who want more customization. These two models offer distinctive features that make them revolutionary in the shade products industry. Customize your awning to the perfect size, with over 250 exquisite fabrics from which to choose. Add comfort, functionality and convenience with a wind sensor. Our Pro Series offers a world of options to make your favorite outdoor spot a perfect retreat.

SEMI-CASSETTED

THE SUMMERSPACE® SEMI-CASSETTED RETRACTABLE AWNING has clean, elegant styling, and its greatest attribute is the added protection it gives to your fabric. The semi-cassette covers not only the top and sides of the fabric roll, but also the back. This ensures that your beautiful fabric is completely protected when retracted, giving it longer life with color that lasts for years to come. The cassette's sides have a sleek, aerodynamic design that conveys luxury and sophistication, making it a perfect accent to your home's exterior. This awning is designed for both wall and roof mount applications.

Shown in OPEN position (fully extended)

Shown in CLOSED position (fully retracted)

SEMI-CASSETTED

Semi-cassetted Awnings by SummerSpace® are self-contained with a built in hood which covers the entire fabric roll when retracted. Its modern design gives added style to the awning. This awning will be the perfect accent to any home's exterior and a perfect solution for roof mount installation.

SUMMERSPACE®
OUTDOOR LIVING REDEFINED

CASSETTED

THE SUMMERSPACE® CASSETTED RETRACTABLE AWNING features the same rounded hood as our semi-cassette model to offer complete coverage of the fabric roll when retracted. Additionally, the oversized front bar protects and hides the arms and shoulders when retracted. This awning is truly revolutionary in style and performance.

Shown in OPEN position (fully extended)

Shown in CLOSED position (fully retracted)

Cassetted Awnings by SummerSpace® offer the highest level of protection for your beautiful awning fabric. It is designed to completely cover the fabric roll when closed, so that damage due to sun fade, harsh wind and precipitation will be minimal. This helps to prolong the life of the fabric and motor.

FEATURES & OPTIONS

WIND SENSOR

The SummerSpace® Wind/Motion Sensor provides wind protection, retracting the awning when winds exceed a safe speed. Awning must be motorized.

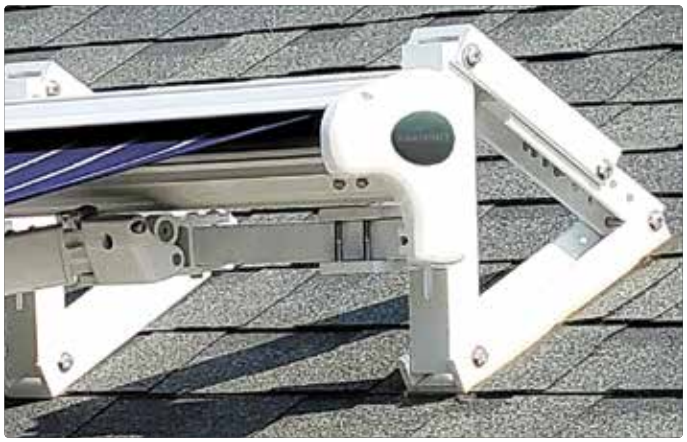

DROP SCREEN

Motorized and manual retractable solar drop screens are available on projections up to 11'-8", providing over 4' of vertical shade. Solar mesh color is Ebony and provides up to 90% sun block.

CHAIN TENSION SYSTEM

All arms have a stainless steel chain tension system for maximum strength, durability, and reliability.

ROOF MOUNT

Your awning may be roof mounted when space requirements cannot be met.

INCLUDES A 7 YEAR WARRANTY
(40% longer than the industry average.)

MOTOR & REMOTE CONTROL

Operate your new awning with a quiet, hidden, SummerSpace® tubular motor with an all weather remote control. The manual override loop allows you to retract your awning in the event of a power outage. Simply plug the cord into an outside receptacle – no electrician is needed.

PERSONALIZE IT

SUMMERSPACE®
OUTDOOR LIVING REDEFINED

Choose from five low gloss textured frame colors. Our industry-leading, proprietary SummerShield powder coating finish exceeds AAMA 2604 specifications and 3,000 hour salt spray testing. This super durable finish includes UV inhibitors for a beautiful fade resistant finish with anti-microbial technology.

LUXURIOUS POWDER COATINGS

EXQUISITE FABRIC SELECTIONS

We offer over 250 beautiful fabrics in solids, stripes, textures and tweeds. Choose from our expansive collection of Tempotest® and Sunbrella® Performance Fabrics. You can mix and match your shade solutions for just the right look.
